RIPOL
the Power of Colour

Lighting Solutions

Protection, reliability and resistance for every lighting project

RIPOL offers a complete range of **powder coatings for the lighting sector**, designed to **protect and enhance** surfaces in **outdoor, residential and commercial applications**.

The range is developed to provide high performance in terms of **reflectance, resistance to fingerprints, yellowing and temperature fluctuations**.

Even under outdoor exposure, RIPOL coatings ensure excellent **colour retention and resistance to salt spray and moisture**, helping to preserve the **appearance and performance of treated surfaces** over time.

FINISHES AND COLOURS

Available in a wide variety of gloss levels, solid colours and special effects:

- Major colour systems, including RAL
- Pearl mica effects
- Marble-effect finishes
- Custom finishes on request
